

ORKLA PRODUCTION STRATEGY & DEVELOPMENT

Orkla is one of the leading Nordic suppliers of branded consumer goods and concept solutions for the grocery and out-of-home sectors. Orkla has approximately 15,000 employees and encompasses a turnover of NOK 38 billion (2016). Although the home market is the Nordic region and the Baltics, Orkla also holds strong brands in India, Poland, the Czech Republic, and Austria. Orkla is also a major supplier for the European bakery market.

BE PART OF CHANGING THE SUPPLY CHAIN STRATEGY FOR ORKLA

In 2014, Orkla embarked on a strategic journey to refocus on our core and to grow the branded consumer goods business. A large part of this journey is to establish Supply Chain as a competitive advantage for Orkla. To facilitate this change an internal consultancy group, Production Strategy & Development (PSD), was established.

THE TEAM YOU WILL BE PART OF

The team currently consists of 25 individuals located in Norway, Sweden, and the Czech Republic. PSD encompasses a mixture of highly experienced Supply Chain professionals from various industrial sectors, former management consultants, and newly graduated "Young Professionals".

THE PSD PROJECT ANALYST ROLE

You will be a part in the development of one of the largest branded consumer goods companies in the Nordics. PSD is a highly dynamic and energized team, driving the strategic change and operational improvements needed to secure the long-term success of Orkla. Your role as a project analyst will be to support change projects, from initial assessment to diagnostics, design, planning, implementation and subsequent capturing of financial benefits. Being part of PSD will provide you with an exceptional network and a vast array of future possibilities within Orkla, in Scandinavia, Central Europe and Asia.

WHAT WE SEEK IN A PROJECT ANALYST

EDUCATION
